Short Description

The 100-Ton USCG Master's License is the highest level license that you can acquire. This license allows you to operate inspected vessels (7 passengers or more – like a water taxi or dive boat) or uninspected vessels. Depending on your experience, it will be issued as a 25, 50, or 100-ton master license. The Coast Guard does not require that you advance through the different licenses one at a time. So, if you qualify, you can go straight to a Master's level as your first license!

The **Towing Endorsement** is required if you will be engaged in towing a disabled vessel for payment, such as the activities of a Sea Tow or TowBoatU.S. operator.

To carry seven or more passengers "under sail," a **Sailing Endorsement** is also required.

Our **Deluxe Edition** includes everything offered in the Digital Edition plus Hardcopy Study Guides, a Deluxe Navigators Tool Set, and an MLS Classic Briefcase Bag.
